The Valley Women's Network was formed by a group of women from Chilliwack, Mission & Abbotsford in October 1981 in Chilliwack. They decided over a dinner planning meeting to set up the group as we know it today. The Chilliwack Chapter disbanded only to start again in 1993.

Our Mission Statement

The Valley Women's Network is dedicated to bringing together women from all walks of life so that they may share and support each other's goals and interests, exchange ideas, and encourage both learning from their peers and set a good example for others. We provide a platform to members for business networking and informative discussions on promoting a positive self-image, health, safety, well-being and successful business practices.

Purpose

The purpose of the Network is to bring together women of all walks of life for personal and professional growth, to initiate contact between women, to provide a comfortable environment for sharing common career and social concerns, and to offer self-development opportunities. Women have come to our Network to meet other women, to make business contacts and to make friends. The Valley Women's Network is a non-partisan, non-religious, non-affiliated group and does not have any particular single focus interest. It does not lobby for any cause or idea.
